

EXPERIENTIAL SAILING

There's a lot sailing can teach us in life and at work, whether it's team coordination, leadership and followership, or communication. Get the chance to play a specific role in operating the boat: helming, navigating, winching, tacking/gybing, being on a lookout; while cruising to the Southern Islands. The yacht is also equipped with water toys, which participants can enjoy at the island. Great for team building, leadership training and bonding.

From \$5,000++ for a 6-hour charter
for up to 15 persons on Monday – Friday

*Optional: Charter extension at \$150++ per hour
and Weekend charter at an additional \$1000++*
